### **Project Architect**

#### **Job Description**

Do you want to change the world with creative architectural design? Are you ready to take on a role in a growing, thriving company that is undergoing significant growth and change? Are you looking for a dynamic, forward-thinking team that will value your professional expertise?

Architects Pacific, Inc is a 30-year old firm based in Honolulu, Hawaii with a wide range of large, complex projects. Our portfolio includes multi-million-dollar government projects as well as highly creative commercial and residential projects.

Because we work so hard, we offer a superior work environment and we reward employees with a generous benefits package; important and inspiring work; and management responsibilities.

If you are a licensed architect with at least 5 years of experience and have a verifiable track record of successful projects, we want to talk to you. We seek a **Project Architect** who is passionate and ready to mentor approximately 20 team members; help expand into new geographical areas; and be a vital member of a dynamic team.

Architects Pacific Inc. is proud to be an Equal Opportunity Employer.

#### **Requirements:**

- Architectural license a **MUST**
- Bachelor's or Master's Degree in Architecture required; Doctorate Degree a plus
- LEED Accreditation a plus
- At least 5 years of professional experience in all phases of architectural projects
- Experience in Education, Commercial, Housing, Healthcare, Aviation and/or Department of Defense preferred
- Proficient in Revit, AutoCAD, and other software related to architectural field
- Ability to work with governing authorities to obtain building permits, documenting code review, and approvals
- Experience doing on-site field investigation and observation during construction
- Leadership experience with a team of disciplines and consultants

#### **Competencies:**

- Ability to organize project design development and production delivery
- Ability to identify and address issues, following protocol and procedure, and reach the highest and best resolution
- Ability to work well under pressure, prioritize multiple projects
- Strong organizational and communication skills, both internally and externally
- Ability to mentor other professionals

- A passion for working collaboratively with clients and team members to solve unique and complex challenges

**Work Environment:**

- Office uniquely located in a neighborhood with free parking
- Regular office hours (Monday-Friday); may have to adjust schedules quickly, often against fast deadlines
- May be required to work long hours, nights, and weekends when under tight deadlines
- Possible short-term travel to project sites in Guam, Japan, and other pacific regions

**We are guided by the following principles:**

- We care about the community. We look for projects that benefit the greater good.
- We care about the environment. We incorporate environmentally friendly practices at the office and with our clients.
- We are perfectionists. We are constantly pushing the envelope to make projects better.

**Benefits - After a satisfactory probationary period, the following benefits are offered:**

- 100% employer-paid medical/dental plan for employee and family
- 1 month vacation/PTO pay
- 10 Paid Holidays
- 401K plan
- Company-paid fees/dues upon management approval for organizations joined on behalf of the organization
- Company-paid iPhone
- Free parking
- Additional benefits pending 90-day evaluation period
